## 3 PHASE 10KVA TRANSFORMER 110V

**Product name: 3 Phase 10kva Transformer 110v**

**Item No: 10964**

**Power: 10KVA**

**Input Voltage: 415v AC 3 PHASE**

**Output Voltage: 110V AC**

# TECHNICAL SPECIFICATION:

|                         |  |
|-------------------------|--|
| Product                 | 10KVA 3PHASE TRANSFORMER               |
| Model No                | 10964                                  |
| Safety Level            | Class I                                |
| IP Level                | IP44                                   |
| Safety Certificates     | CE                                     |
| Input Voltage           | 415v AC 3 PHASE                        |
| Output Voltage          | 110V AC                                |
| Frequency               | 50/60Hz                                |
| Cont. Rating            | 7000VA                                 |
| Tool Rating             | 10000VA                                |
| Output Sockets          | 4x110V 16Amp / 2X 110V 32Amp           |
| Input                   | 16amp 3 pole type D MCB                |
| Output                  | 4x16amp+2x32amp by 2 pole type D MCB's |
| Outer Box Dimension     | 54x51x71cm                             |
| Quantity of Each Carton | 1                                      |
| Net Weight              | 78kg                                   |
| Gross Weight            | 80kg                                   |
| LID                     | Metal                                  |
| Case                    | Metal                                  |
