

10KVA SINGLE PHASE TRANSFORMER 110V

Connexion's 10kVA Single Phase Transformer 110V is designed to safely convert 240V AC single-phase power to 110V for construction sites, workshops, and industrial applications.

PART NO: 10968

FEATURES

- ✓ Safety: Class I
- ✓ Safety Certificates: CE
- ✓ Input Voltage: 240V AC 1 PHASE
- ✓ Output Voltage: 110V (C.T.E)
- ✓ IP Level: IP44

TECHNICAL SPECIFICATION

Product	20kVA Site Transformer 110V Three Phase
Part No.	10967
Safety Level	Class I
IP Rating	IP44
Case	METAL
LID	METAL
Input Voltage	415V AC Three Phase
Output Voltage	110V AC Center Point Earthed
Frequency	50/60Hz
Continuous Rating	20000VA
Intermittent Rating	25000VA
Number of Outlets	8x 110V 16A 2P+E, IP44 rated to EN 60309
	4x 110V 32A 2P+E, IP44 rated to EN 60309
Certifications	CE, ROHS, UKCA
SKU	10967
